EBOT

June 17, 2024

- Emergency Broadband Operations Team
- Mescalero and Ruidoso New Mexico
- South Fork Fire
- Salt Fire

EBOT Creation

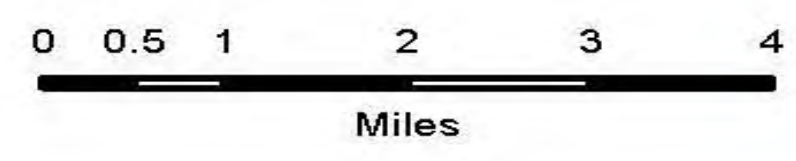

First and foremost, the focus of responding to the fires in Mescalero and Ruidoso was saving lives. Communications services, such as 911 and internet are essential to emergency response and our community was looking to providers to take action immediately. The Inn of the Mountain Gods Resort, owned by the Mescalero Apache Tribe became Fire Base Central for the EBOT team in providing shelter, food and a safe environment for restoration crews, firefighters, first responders and evacuees.
